APPROVED
COLLISION CENTER
PROGRAM

FOR IMMEDIATE RELEASE**Car-O-Liner® Receives OEM Approval for the Porsche Approved Collision Center Program Partnership Strengthens Collision Repair Product Offerings to Porsche Repair Centers**

WIXOM, MI – January 11, 2012 -- Car-O-Liner®, a leading global provider of collision repair equipment to the automotive aftermarket, is pleased to announce participation in the Porsche Approved Collision Center Program as an official approved supplier of collision repair products.

The Porsche Approved Collision Center Program provides a network of factory-authorized collision repair facilities; each trained and equipped to provide collision services that match the quality of Porsche automobiles. Assuring high standards of performance and quality requires skilled and trained professionals who adhere strictly to Porsche restoration procedures. Porsche Approved Collision Centers commit to these procedures, and to the use of genuine Porsche parts, materials, tools and equipment. Porsche Approved Collision Centers are also continuously supported and monitored by factory technical personnel.

“Car-O-Liner is pleased to be a part of the Porsche Approved Collision Center Program,” said Shawn Hart, Director of Technical Services for Car-O-Liner Company. “Adding Car-O-Liner to their approved equipment offering means greater flexibility without compromising accuracy. With our EVO system, technicians will be able to hold new components in place while making repairs, as well as measure the vehicle to find any hidden damage.”

As an OEM approved supplier, Car-O-Liner will offer quality products to meet the needs of over 60 collision centers across the U.S. and Canada.

About the Porsche Approved Collision Center Program

Porsche Cars North America, Inc. (“PCNA”) and its authorized dealerships wish to enhance the pleasure of owning a Porsche through the provision of professional service throughout the ownership experience. In order to promote that goal, PCNA has developed the Porsche Approved Collision Center Program

("PACC Program") to ensure that the "Porsche Perfect Ownership Experience" extends to customers who require the services of a repair center. The PACC Program seeks to ensure excellent service and high-quality repairs to all Porsche vehicles in need of collision services. For more information regarding the PACC Program, please visit www.porschecollisioncenter.com.
